THE STRESSLESS® BOOK OF COMFORT

COLLECTION 2015-2016

Stressless®

THE INNOVATORS OF COMFORT™

EKORNES®

The pleasure of comfort

Since 1934 we have had the pleasure of filling homes all around the world with comfort. Our longevity has helped to make Stressless® one of the best-known brands in the furniture industry. Our passion for detail and innovative solutions which is shared by all our employees, enables us to continually invent new systems designed to give your body the best possible sitting experience; while giving your lounge that beautiful look and feel. This year's innovation is called BalanceAdapt™ and it is nothing short of a huge leap within the furniture industry. Yes, we may be 80 years old but we never stop pushing the limits and questioning boundaries in terms of the ultimate comfort and the most spectacular designs.

There are many reasons why our recliners and sofas are so unbelievably comfortable. It has to do with the people, the choice of materials and all the innovative solutions we have put into production. The landscape that surrounds us also plays a big role in defining what we produce. The majestic peaks and endless fjords set our minds at ease and are the perfect medicine on the most stressful of days. If you have not visited the fjords yet, but want a taste, we recommend taking a seat in a Stressless®. It may well be the closest you´ll ever get to the bliss of pure comfort.

This year's big innovation – BalanceAdapt™

NEW

In addition to all the other innovative Stressless® functions (see page 64), the BalanceAdapt™ system will provide you with a unique comfort experience. The system ensures perfectly balanced seating, the responsive sitting position adjusts in conjunction with the movements of your body without the need for levers or handles. This year we are proud to present two new sofas and two new chairs with BalanceAdapt™.

Maximum comfort

The smallest of movements is often what makes the difference between a good and a great seating experience. With BalanceAdapt™ the sitting angle automatically adjusts to your body´s every movement. It´s all about finding the right balance – from-top-to-toe, without the use of levers or handles. The subtle and soft rocking motion increases your comfort in any position and also ensures that the sitting angle adjusts even further. The recliner also has the Plus™ system, providing optimal support for your neck and lower back, providing you with a unique comfort experience.

Stressless® Metropolitan sofa and Stressless® Skyline recliner are shown in Batick Snow/Wenge. Stressless® Duo table. Our complete range of models is shown on pages 68-75.

BalanceAdapt™

BalanceAdapt™ is integrated in the two new sofas Stressless® Metropolitan and Stressless® Panorama. This new mechanism is also included in our new recliners – Stressless® Skyline and Stressless® View, which both feature the new design signature base. You will without a doubt appreciate the additional comfort this provides.

NEW

Start your day with perfect comfort

There are times when one expects more from a piece of furniture. It must be comfortable for even the smallest member of the family. The integrated BalanceAdapt™ system ensures all movements feel soft and comfortable, for active youngsters and yawning parents alike. A Stressless® ensures the day gets off to a perfect start – for each and every one.

Stressless® View matches Stressless® Panorama perfectly and will provide your living room with an elegant mix of soft comfort and clean lines.

NEW

When comfort is of the essence

Stressless® View has a brand new base, a high and slender back with soft upholstery, all wrapped in a timeless design. It also has an adjustable headrest pillow, so that everyone can expect an optimal sitting position. Stressless® View is a perfect match to Stressless® Panorama, which has a fixed seat and back. BalanceAdapt™ is integrated within the recliner, ensuring personal comfort and perfect balance with every sit.

NEW

Stressless® Skyline recliner shown in Batick Snow/Wenge. Our complete range of models is shown on pages 68-75.

Based on comfort

Stressless® View and Stressless® Skyline feature a brand new base; a combination of laminated beech and aluminum, available in seven different colors. It can be ordered as a taller option which provides an additional seating height of 3cm. With BalanceAdapt® elegantly integrated in the base, the soft and comfortable rocking movements will contribute to a sensation of comfort from the soles of your feet to the top of your head.

BalanceAdapt™

STRESSLESS® SKYLINE (M)

Stressless® Metro Low Back recliners are shown in Paloma Chocolate. Stressless® Urban Large table.

Individual comfort

Stressless® Metro craves attention, but also knows the fine art of suiting its surroundings. Choose this modern furnishing solution, where friends and family can gather in style. Combined with a stylish rotating base, fresh lines and a new headrest pillow on the high back model, the list of comfort demands is met in every way.

The Stressless® Urban glass table comes in two different sizes; a practical small table and a larger variant. The table is custom made to match our recliners Stressless® Metro and Stressless® City but the classic good looks means you can easily match it to many of our Stressless® and Ekornes® sofas.

Stressless® Metro recliner is shown in Cori Petrol.
Our complete range of models is shown on pages 68-75.

STRESSLESS® CITY

Stressless® City recliner is shown in Paloma Taupe. Stressless® Urban Small table.

ErgoAdapt®

The built-in ErgoAdapt® system on the Stressless® E40, Stressless® E200 and E300 allows you to sink into the soft cushion. This discreet tilting mechanism makes the sofa automatically adjust to your body, providing you with a perfect sitting angle or sleeping position.

Our flexible headrest has subtle movement is easily adjusted, making the sitting experience even better. The headrest can be used on existing Stressless® E200 and E300 units and is easily mounted without tools. The Long Seat has its own specially adapted headrest with the same innovative functions.

ErgoAdapt®

From zero position to tilt position
The Stressless® ErgoAdapt® system automatically tilts the seat as you sit down – providing the perfect degree of comfort and support.

Lying down flat, no tilt
When you lie down on the sofa, the seat stays completely flat, offering exquisite comfort and giving you full advantage of the oversized seat.

The Long Seat automatically tilts down, giving your legs perfect support when seated, while staying completely flat when you prefer to lie down.

Stressless® E200 sofa C22 with Long Seat with headrest in Paloma Clementine/Steel legs. Stressless® Coffee table. Our complete range of models is shown on pages 68-75.

PUT YOUR STRESSLESS® E40/E200/E300 TOGETHER EXACTLY THE WAY YOU WANT

Regardless of limitations on the space you have for your home cinema setup, there is always a place for a Stressless®. The genius lies in the flexible modules. Find your favorite model and then pick your ideal arrangement. We've sketched a few possible configurations from a variety of our styles. See www.stressless.co.uk for a complete overview and measurements for each model.

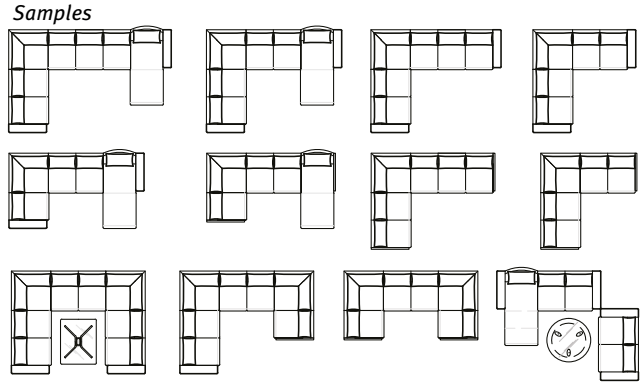
Samples



Refreshingly comfortable

Stressless® E200 is the sofa that can make all the difference in your living room. The comfortable large cushions and the built-in ErgoAdapt® system allows you to sink into the sofa. This is a classic sofa that can go with every interior style and occasion, plus easily adapts to your space as you can choose between armrests and side panels. Conveniently place your drink or snack on our clever Stressless® Coffee table, which can be pulled in over the seat – so that you can remain relaxed and comfortable. Now that is proper pampering.

Fully supported

The Stressless® E40 benefits from the same innovative system in the base as the Stressless® E200 and E300. This allows the seat cushion to automatically adjust, providing a perfect sitting angle. The seat back is fixed, the headrest is elegantly integrated in the design and the triangular pillow ensures perfect lumbar support. The sofa is medium sized, making it perfect for slightly smaller living rooms.
You can read more about the ErgoAdapt® system on page 19.

Time to play

When the wind howls and the rain whips against your window, the living room is often transformed from relaxing comfort zone to where you, your family and friends gather to socialise. This demands a great deal of both house and of course your furniture. The Stressless® E300 has the ErgoAdapt® system integrated in the base, providing you with optimal support and comfort. The model also offers Long Seat and a custom-fitted headrest, allowing you to sit comfortably in an upright position or see the world from another angle. Go ahead and play – your Stressless® sofa will handle it!

NEW

The comfort of your choosing

Most of our Stressless® designs are available in two or three sizes. Stressless® gives you the choice as we want everyone to have the opportunity to experience a bespoke comfort feeling, regardless of body shape and size. If you want it – it´s yours! Now the only thing to do is find your perfect model.
Stressless® Crown has a classic and traditional look, with a bucket shaped design, providing additional side support and unique sitting comfort.
Stressless® Nordic has a modern and soft appearance, with slender lines.

STRESSLESS® CROWN (M)

Take the ComfortTest™

The ultimate comfort feeling is individual and personal to everyone. Differing needs is exactly why we encourage all our customers to try a Stressless®. This ensures that you will find a recliner with the right size and feel. We can guarantee that it will be time well spent. A Stressless® recliner is after all an investment for many years to come.

1. Can you adjust the headrest so that it lies flat when you recline?
2. Is your head supported comfortably as you lie down to read or watch TV?
3. Do you have the feeling that the seat back reclines sufficiently?
4. Does the chair provide good lumbar support in all positions?
5. Does the recliner feel stable and safe?

Are the height and width of the chair right for you?

8

Are you aware of how your entire body relaxes?

9

Is the ottoman positioned in the right place to give you maximum leg support?

10

Is the recliner complemented by a matching reclining sofa?

6

Does the gliding movement smoothly adjust to your body weight?

7

Do the chair and ottoman move with you as you shift positions?

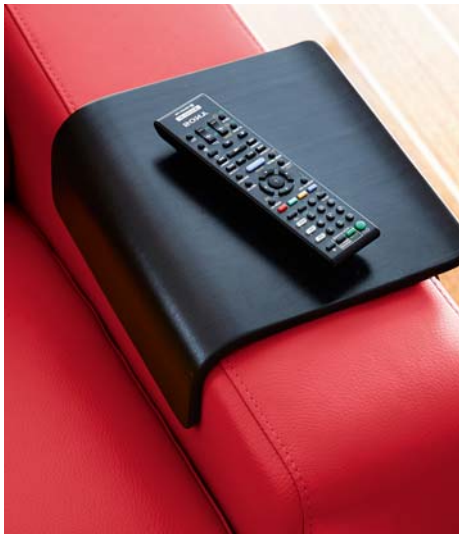
STRESSLESS® ARION
HIGH BACK

STRESSLESS® ARION
LOW BACK

Individual comfort

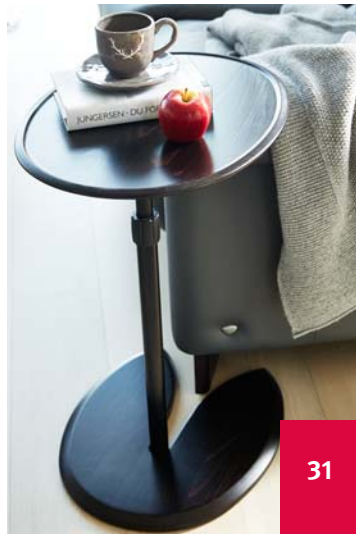
Some of our sofas come in both high back and low back options. Whether you prefer sitting up a little straighter or you love leaning back, the Plus™ system will provide optimum support for your neck and lower back.

Stressless® Arion is a good example of a sofa that can be just as comfortable as a recliner. The individually reclining seats and adjustable headrest, lets you enjoy hours of excitement in front of your TV screen. The model comes in both a high back and low back option and can easily be combined with our Medium Corner.



One thing that characterises great design is the way it integrates and contributes to your wellbeing. This too is the case with our clever Stressless® Easy Armrest table; designed to fit perfectly over the armrest.

Ekornes® Elipse table is a functional side table, that can easily be placed next to all Stressless® sofas, so that you can reach everything you need, without the need to get up.



Stressless® Legend sofa and Stressless® Magic (M) recliner shown in Cori Passion/Natural. Stressless® Duo table.

Functional design

A functional living room provides an addition to the sensation of comfort. Place a Stressless® Legend and a Stressless® Magic in the same room and you have a perfect combination. Enjoy extra soft cushions, elegant design and adjustable seats, plus the freedom to choose between a high or low back on your sofa. In addition the Stressless® Duo footstool can be used as both a leg support and an additional seat. It can also be made into a small table – by placing the hidden wooden tray onto the top. Finally when the occasion demands a little extra space, you can place the footstools under your Stressless® Duo table, so that together they form an elegant unity.

Movie bonanza

You move more than 300 times during the length of a movie. Sounds exhausting but do not despair – Stressless® seating is designed to adjust to your every movement. The spacious, soft seats in your Stressless® Home Cinema seating, in combination with the Stressless® ottoman ensures an optimal movie experience.

Stressless® Wave SC 121 shown in Paloma Black/Steel legs. Stressless® Double Ottoman. Our complete range of models is shown on pages 68-75.

The Stressless® Double ottoman features ample leg room for two, plus ample storage space inside. It also comes with an optional wooden table top, which can be placed on the ottoman – as a handy table when needed.
The Stressless® Oval ottoman has been built around the same general idea – with its removable pillow, the ottoman also acts as a convenient table. The pillow can be stored underneath the table top when not in use. It´s the epitome of functional design – it´s Stressless®!

Stressless® Double Ottoman.

Stressless® Oval Ottoman.

Stressless® Legend SC 121 shown in Paloma Black. Stressless® Duo Ottoman.

Stressless® Arion SC 11 shown in Paloma Black/Steel legs.
Stressless® Double Ottoman.

The clever sector tables and armrests complete the Stressless® home cinema setup, both functionally and aesthetically. No need to get up! Now everyone can keep their own giant bowl of popcorn, or selected beverage, within reach. The clever armrests double as practical storage places and so do the Stressless® ottomans.

Epic relaxation

The Plus™ system integrated in the Stressless® Home Cinema configuration ensures optimal comfort. The headrest moves in parallel to the back, making the hours spent in front of the big screen a truly fantastic experience. Choose between ordinary armrests combined with Ekornes Corner Tables, or our practical Sector armrests. A Stressless® Home Cinema gives every movie an exciting or happy ending. The only issue is staying awake long enough to see the end!

Regardless of how much available space you have for you home cinema setup, there is always place for a Stressless®. The brilliance lies in the flexible modules. Find your favourite model, and pick your ideal arrangement from the size and positioning chart. These illustrations shown below are the most popular arrangements. See www.stressless.co.uk for a complete overview and measurements for each model.

The Stressless® Sector (SC)/Sector Arm (SCA) is upholstered like the sofa and hides a storage space under its top. The Sector/Sector Arm also functions as an armrest, which is why setups with Sector/Sector Arm tables should be treated as a fixed unit.

The Ekornes® Corner table (CT) combines the need for a table with the need for individual positioning of the chairs and sofas. The Corner table is free-standing, allowing you to reorganise the furniture when needed.

◄ *Stressless® Arion SC 1111 and Stressless® Arion SC 1111 are shown in Paloma Clementine. Stressless® Oval Ottoman. Our complete range of models is shown on pages 68-75.*

Comfort on wheels

Our line of Stressless® Home Office chairs are the ultimate solution to a truly outstanding home office experience. Your back deserves the same amount of relaxation while working as it does while relaxing. The simple truth is if your back is enjoying itself then your mind will work better. The combination of the comfort of a Stressless® recliner and the mobility of a wheeled office chair provides you with the perfect seating to get the job done, without the discomfort in your back at the end of the day.

Stressless® Jazz Office is shown in Paloma Black.

1. The patented Stressless® Plus™ system automatically adjusts the headrest as you recline. **2.** Anatomically correct lumbar support in all positions – synchronises with the neck support function as part of the Stressless® Plus™ system. **3.** The sleep function is activated with one simple movement to lay the headrest flat. **4.** For unbeatable comfort, you set the Stressless® wheel once and change your sitting position by using your body weight. **5.** Comfort Zones™ give you a better seating comfort, as the indentations let you sink deeper into the seat and back of the recliner. **6.** Your Stressless® Office chair can easily and smoothly be height-adjusted by using the handle under the seat. The base with wheels is carefully developed and designed to give optimal stability and freedom of movement.

Stressless® Mayfair Office is shown in Paloma Black/Natural.

Magic Office Recliner is shown in Royalin Dark Brown/Brown.

Stressless® Reno Office recliner and Ekornes® Oslo sofa are shown in Paloma Light Grey/Wenge. Stressless® Duo table. Our complete range of models is shown on pages 68-75.

Discover the secrets of personal comfort

The unique cushioning in our Stressless® recliners and sofas embraces and supports your body like nothing else out there. 40 years of innovation has brought us to a point where we wholeheartedly can say that our Stressless® recliners and sofas are the best on the market. One reason why we can take such a bold stand is that the manufacturing of every little component on a Stressless® takes place right here, by the fjords of Norway.

10 YEAR GUARANTEE
AGAINST FABRICATION FAULTS ON INTERNAL MECHANISM

1. The perforated foam, moulded directly over the frame, gives you better seating comfort as the indentations let you sink deeper into the seat and back of the recliner. Comfort Zones™ (pat. pend.) provide you with a proper contour for your body; they give good ventilation and guarantee that the cushions will be long-lasting and forever comfortable.
2. A soft polyurethane foam pad ensures optimum softness.
3. The pad of soft polyurethane foam is covered by a layer of super-soft polyester fibre, for a real touch of luxury.
4. Flexo springs on a steel frame ensure durable construction and strength.
5. The Plus™ system automatically provides correct support for your head and lower back. The function is double-sided for maximum stability, functionality and lifetime use.
6. Only genuine top-grain leather and high quality fabrics covers the front and back of Stressless® chairs.
7. The Stressless® glide system automatically adjusts to your body weight, with no buttons or levers to pull.
8. The two-stem base offers far smoother turning and stability than the one-stem swivels fitted on most recliners.
9. The concealed swivel ring means that you can easily turn full circle. And the gracefully curved shape of the base is designed for great strength and durability.

For unbeatable comfort, you set the Stressless® wheel once and change your sitting position by using your body weight.

The patented Stressless® Plus™ system automatically adjusts the headrest as you recline – supporting your neck while reading, watching TV and resting.

Anatomically correct lumbar support in all positions – synchronises with the neck support function as part of the Stressless® Plus™ system.

The sleep function is activated with one simple movement to lay the headrest flat.

Stressless® Magic (M) and Stressless® Magic (L) recliners are shown in Batic Snow/Wenge. Ekornes® Corner table. Our complete range of models is shown on pages 68-75.

Comfort Zones™ gives you a better seating comfort, as the indentations let you sink deeper into the seat and back of the recliner.

The Stressless® footstool is freestanding to fit all leg lengths and the top follows your movements, thanks to its built-in glide function.

Comfort is a matter of feeling good about yourself, just the way you are. That is why most of our Stressless® designs are available in two or three sizes. Our wish is for every unique individual to be able to experience unsurpassed relaxation. Choose a Stressless® model that suits your size and gives you the ultimate feeling of wellbeing!

Ekornes® offers four categories of leather, in a selection of beautiful colours.

BATICK is a corrected, pigment-improved and grain-embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone colour effect to liven up the surface. Batick is resistant to fading, although changes in colour will occur over time due to use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent utilisation properties and a favourable price make Batick a good choice.

CORI is a corrected, pigment-improved and grain-embossed upholstery leather. Cori is somewhat thicker, and has a larger pebbled grain, than Batick. Most of its natural marks are removed. Also, some of the Cori colours have a two-tone colour effect to liven up the surface. A protective layer of lacquer simplifies cleaning. Cori is a wise choice if you want leather with excellent utilisation properties and a robust structure.

PALOMA is a slightly corrected leather with a combination of dyes and pigments that smoothes down some of the structure (the grain pattern) of the leather. The grain structure in Paloma may, however, vary a little at some parts of the furniture and also minor colour nuances may appear in the leather. Natural marks, scars and insect bites are natural and will appear in Paloma. A thin coat of lacquer gives Paloma some protection and simplifies cleaning, but Paloma does not have the same heavy-duty quality and protection as Batick and Cori. Due to its soft, natural and comfortable expression, Paloma is a very popular choice.

ROYALIN is the most exclusive of Ekornes's leather types, but also the most vulnerable. Royalin is a type of leather with natural pebbled grain and structure, and may have minor colour nuances and some natural marks. This is characteristic for a natural material such as Royalin. A very light surface treatment provides a certain protection, but Royalin absorbs moisture easily and is extra vulnerable to wear and tear, heat, sunlight, spills and perspiration. This requires greater care in use and more vulnerability to influence from direct contact with human skin (especially from neck/hair and hands). Royalin has the softness and rich warm glow that characterise first-class furniture leather. Variances, including grain pattern and colour, are an inherent feature within Royalin leather and are a natural mark of high quality.

Ekornes® upholstery leather

Ekornes is one of Europe's largest consumers of leather. We purchase the leather from selected tanneries all over the world. Our own inspectors take part in the leather selection, which is conducted in accordance with international norms for quality determination. The experience we have gained from this work is for your benefit when you buy Stressless® or Ekornes® leather furniture. Our leather is manufactured according to current laws, guidelines and recommendations relating to their utilisation properties, and for the use and content of chemicals and other substances. We are cooperating with recognised international institutions in this line of business, to ensure that we are updated at all times with events relating to health, safety and the environment.

The leather for our furniture is a natural material that comes from cattle hides
When the hide has gone through a tanning process and further processing to achieve the correct utilisation properties, it is called leather. One characteristic of hide is that it is marked by nature, vegetation and the care the animal has been subjected to. Cattle spend most of their lives outdoors, and will therefore be marked by external influences like insect bites, tears, scars, wrinkles, stretch marks, etc.

The following are some of the properties of leather that you should be aware of
Leather is a natural product and is a beautiful and lively material used in furniture-making. Each hide is unique in its structure, appearance, nuance and size.

Ekornes may use several hides when making your furniture. This, together with the leather's play of colours and natural marks, makes each piece of furniture unique. In time, the leather will age and gain patina. It is important that you are aware of one thing: although leather furniture can withstand a lot of wear and tear, its appearance will change with the years.

The following applies to all types of leather used by Ekornes: Hide absorbs dyes differently, and therefore the leather may have colour nuances. These are due to dissimilarities and different fibre structures, which affect the colouring of the hide and how the hide absorbs the dyes during the tanning process.

All our leather qualities are deep-dyed, but there could always be a deviation between the basic colour of the hide (the colour of the side that faces the upholstery side of the furniture), and the colour of the grain side (the external side): i.e. the colour of the outer layer. This is normal. It is possible to use the same basic colour for leathers with different top colours.

Dyes and dyeing methods may vary between the different leather colours and leather qualities. Therefore, the basic colour and the colour of the top layer (which forms the wear layer and the final desired colour of the finished product) of a given leather quality may differ.

Some of the leather dyes have a two-tone colour effect (shadow/antique effect). Leather dyed with a two-tone

effect may change character faster and wear more unevenly than leather with just one colour. This applies in particular to areas of the furniture that are exposed to harder wear such as armrests, seat cushions and neck supports.

The top layer protects the leather and simplifies cleaning, but is nonetheless vulnerable to soiling and wear. If the top layer/top colour is destroyed, the leather may deteriorate faster. Penetrating spills/damage/scratches are normally irreparable and may result in the top colour changing character, cracking or peeling off.

Denim clothes and hard textiles, such as dungaree jeans, expose the leather to strong wear and may leave colour on the leather which is difficult to remove, without risking destruction of the top colour of the leather. Light leather colours in particular are vulnerable to such colour contamination.

All furniture leather sold by Ekornes is resistant to light, but changes in colour may occur as a result of use and extensive exposure to light. Consequently, furniture should not be exposed to direct sunlight or direct heat from heaters and other sources of heat. Leather is vulnerable to exposure to oils from direct contact with human skin (especially of the neck and hands).

Remember: leather has a relatively long life-time, but can easily be destroyed by incorrect handling.

Stressless® Panorama sofa shown in Cori Beige/Wenge. Stressless® View recliner shown in Cori Fogg/Wenge. Stressless® Duo table.

Stressless® Leather Care Kits

To match the high quality of our furniture, Ekornes now offer our own leather care kits. The Stressless® Leather Care kit (medium, large) and the Stressless® Leather Care Wipes contain a leather cleaner, a protection cream and wipes. For nurturing and making the leather more resistant to stains, the protection cream should be applied to all leather surfaces when your recliner is new.

For later treatment, in addition to regularly removing stains, we recommend that the leather is cleaned with the Stressless® Leather Cleaner at least every 6 months. Always apply protection cream after cleaning. Please see www.stressless.co.uk for further information about maintaining your leather furniture.

These are the only cleaners Ekornes will approve. Ekornes will decline all responsibility in cases where other products than those approved by Ekornes have been used to maintain your leather furniture.

The Stressless® wood colours

Our wood finishes are made from laminated European beech, a light-coloured wood with an attractive grain, eminently suitable for staining in various colours. The hardness of the wood makes beech furniture extremely durable.

Choose legs

Several of our sofa models can be delivered with a range of different legs. Steel legs provide your sofa with a more sophisticated appearance, whilst wooden legs make your living room appear warmer. No matter what your style and choice, with Stressless® comfort is a guarantee.

Rest your feet

STRESSLESS® DOUBLE OTTOMAN
The large ottoman offers ample space to put your feet up, and the storage space hides a tabletop which can be placed on the ottoman when needed.
W:119/154 H:44 D:61

STRESSLESS® OVAL OTTOMAN
The Stressless® oval ottoman has a removable pillow, so it doubles up as a convenient table. When you don't need it to rest your feet on, simply store it below the tabletop.
W:90 H:41 D:48

STRESSLESS® DUO OTTOMAN
Can be used as a footstool, or as a small table. Simply take the wooden table inserted into the side, place it on the top, and you have a convenient, small and movable table. If not in use, you can easily place it under the Stressless® Duo table.
W:61 D:34 H:44

W:51 D:40 H:44

W:60 D:60 H:44

W:53 D:49 H:44

W:64 D:70 H:44

STRESSLESS® MODERN AND STRESSLESS® SOFT OTTOMAN
Our ottoman is ingenious in at least two ways. It has a built-in tilt system, which makes sure the angle of the ottoman adjusts to your sitting position. It has room for all the extras, under its removable top. The ottoman comes in two sizes.

Functional tables designed for comfort and style

All of our tables are developed with functional design and purpose in mind. Some of them are designed to fulfil the unique Stressless® comfort experience, and some of them to complement a specific Stressless® sofa model. The sofa tables with wooden legs are made of high-quality toughened glass and beach, and are available in seven different wood stains to match your furnishing and interior style.

W:127 D:77 H:48

EKORNES® PEGASUS TABLE
Made from beech. Natural or stained in the following colours: Mahogany, Teak, Cherry, Brown, Wenge and Black.

W:132 D:70 H:48

EKORNES® WINDSOR TABLE
Made from beech. Natural or stained in the following colours: Mahogany, Teak, Cherry, Brown, Wenge and Black.

W:108 D:86 H:44

STRESSLESS® DUO TABLE
Made from high-quality toughened glass with beech. Natural or stained in the following colours: Mahogany, Teak, Cherry, Brown, Wenge and Black. Add up to four Stressless® Duo ottomans and the result is the epitome of functional design.

W:60 H:50 D:50

STRESSLESS® COFFEE TABLE
A flexible and cleverly designed table in stainless steel and glass, that fits perfectly above the seat of your sofa. Your snack, or beverage, is never more than an arm's length away. Stressless® Coffee table can also be used as a side table, and if you put two of them together they form an ingenious sofa table.

W:140 D:90 H:45

Ø:105 H:45

W:59 D:68 H:49

EKORNES® JAZZ TABLE
The Ekornes® Jazz tables are made specifically to match Stressless® Jazz and Blues recliners. Choose between the round or rectangular versions, or the clever corner table that fits perfectly between two recliners.

Ø:55 H:48

Ø:90 H:48

STRESSLESS® URBAN TABLE
The stylish Stressless® Urban glass table is designed to match the new Stressless® Metro and City recliners. Choose between a large sofa table or a practical small version to place next to your Stressless® recliner.

STRESSLESS® FLEXI TABLE
Exclusively designed in stainless steel and glass. This table is height-adjustable and the glass plate can easily be tilted and transformed into a standing PC-table.
W:54 D:43 H:55-70 (height-adjustable)

STRESSLESS® ELLIPSE TABLE
This flexible easy-to-move table is ideal, because when you're in your "comfort zone" you can easily reach everything you need.
W:49 D:38 H:54-74 (height-adjustable)

EKORNES® CORNER TABLE
This practical table is made especially for home cinema arrangements, but it's suitable for any corner setup.
W:69 D:60 H:48

STRESSLESS® EASY ARMREST TABLE
This neat idea is made for the Stressless® Arion, Stressless® E200 and Stressless® Wave. Simply place it on the armrest for a convenient extra surface.

EKORNES® AND THE ENVIRONMENT

The objective of Ekornes is to accept environmental responsibility related to manufacturing, distribution and use of the company's products.

We will continue to implement initiatives in our factories that improve the internal and external environment, at the same time as we continue to select environmentally-friendly raw materials.

A sustainable manufacture of durable products will also in future be an objective in the development of our company.

The following core items shall be complied with in all parts of our activity:

- Ekornes shall appear as an environmentally-friendly enterprise. Our products shall cause the least possible impact on the environment.
- Ekornes has as its objective to keep the health risk at the workplaces at a minimum.
- Ekornes invests to avoid damage to the environment and injuries to health.
- Environmental information shall be generally available, for example through Environmental Product Declarations (EPD).
- Ekornes shall give objective and open information about how the company handles its environmental responsibility.

Ekornes has as its long-term objective to develop environmental issues to a competitive advantage through being ahead of our competitors also in this field.

Ekornes participates in the UN's Global compact.
